Dear Sir,

Re: Export Permit Renewal – 3rd Quarter of 2014

Please find attached two (2) copies of duly completed Form E001 as follows:

1. Bonga Crude - BONGA
2. Erha Crude - ERHA

Also attached are copies of:

- Monthly NNPC commercial allowable for May 2014
- Current tax clearance 2011 to 2013
- Evidence of Royalty payments
- Technical allowable for first half of 2014
- Expiring export permit for Q2 2014

We would like to reassure you that our estimated export volumes make no presumption on quota levels which will be set by NNPC, and accordingly actual export volumes may be less than the volumes assumed in submitting these permit applications.

Yours faithfully,
Shell Nigeria Exploration & Production Company Limited

Dear Sir

PRODUCTION FORECAST & COMMERCIAL ALLOWABLE FOR THE MONTH OF MAY 2014

Your total production forecast for the month of MAY 2014 shall be 165,000 b/d while your commercial allowable, which represents the volume approved for export, will be 153,226 b/d during the month. The breakdown is as follows:

Crude	Production Forecast	Total Commercial Allowable
BONGA	165,000	153,226

Please confirm the receipt of this letter by signing both originals and returning one to the Crude Oil Marketing Division, NNPC Towers, Abuja.

Please note that performance will be one of the key criteria for quota allocation in subsequent months.

You are hereby reminded that within three days after the last day of each month, submission in writing of actual production level achieved for the month just ended is mandatory.

Yours faithfully

Hi Peter,

As stated in my earlier correspondence, Bonga Royalty is paid via Royalty Oil and is lifted by NNPC. Hence, there is no evidence of remittance that I can send to you.

What I can share with you is the Bonga Royalty Oil (in bbls) as captured on the Entitlement Model. Please find below.

Dear Sir,

NEW ALLOWABLE RATES FOR THE FIRST HALF OF THE YEAR 2014

We have carefully reviewed the performance of your wells and pools with all available information at our disposal and have computed new technical allowable rates for them.

The attached new allowable rate for SNEPCo is hereby forwarded to you and the allowable totaling 171,000bopd shall be effective from January 1, 2014.

We restate here that allowable is not transferable and that the individual well rate represents the maximum daily production from each well. Production rates will be maintained at or below the allowable rates only on condition that the wells concerned sustain acceptable performance.

It is to be noted that with the exception of wells currently on approved test, any well not listed in the attached schedule should on no account be re-opened for production without permission from the Director of Petroleum Resources.

Yours faithfully,

Maselli, P. O. (Mrs.)
